

i-qbox Virtual Classroom

Human Performance Suite

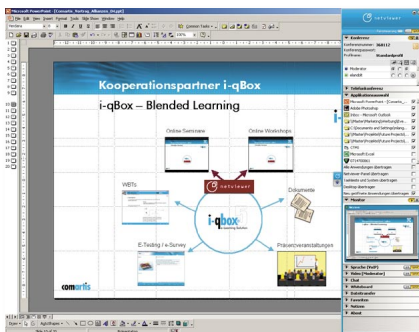

powered by
 netviewer

Use the i-qbox Virtual Classroom to hold your national or international training sessions online, anytime and anywhere.

Comprehensive

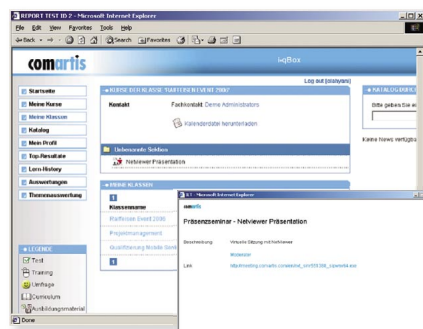

With just a few clicks your employees can attend online live-sessions from any locations. The i-qbox Virtual Classroom makes your training faster and more efficient and overall travel time and costs can be reduced significantly.

Beside the actual training presentations, it is also possible to view and – if desired – even share any desktop applications (e.g. for application training). Interactive study groups can jointly work on documents or presentations using the integrated Whiteboard feature.

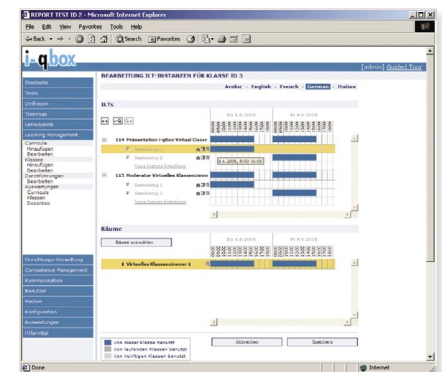

Powerful

- Seamless integration in the i-qbox LMS: Starting virtual sessions directly from the LMS interface
- Seamless integration in the i-qbox Instructor Lead Training: Planning and administration of virtual classrooms
- Collaborative tools: Whiteboard, file transfer, chat, pointer for indicating focus of interest, signal for wish to speak, notes
- Simultaneous execution of parallel classes with several participants
- Administration of participants and freely configurable access rights

A reliable partner
